

Step 0

Remove your old equipment.

Step 1

Install the head shower's stand on your shampoo station.

Step 2

Screw the head shower to your flexible hose **with your hands, not with tools !**
IONISIS Pro can be fixed on all format of flexible hose.

Step 3

Make sure that your head shower is well screwed and that the seals are in place.

Step 4

IONISIS Pro is ready to use !

MAINTENANCE

Frequently unscrew the cover and remove the plate, then wash it with a 100% natural product (cleaning vinegar, ...) using a little brush (dyeing brush, ...).
